## Student Spotlight: Isabella G

Isabella is a Senior at Cumberland Gap High School in Claiborne County, Tennessee. She has successfully completed ASL 1, ASL 2, PE, and World History classes through Niswonger Online. She is currently taking Psychology. Isabella has consistently turned in high quality work in her online classes. She has often worked ahead of the course pace, allowing her the opportunity to finish up her classes before the end of the semester.

We asked Isabella about her experience in our program. "The best part about Niswonger Online is being able to move at my own pace and how organized the courses are. I am a very organized person and feel that I learn best when I can have my own set pace. With Niswonger, I have been able to complete multiple classes that I need to graduate in one semester while taking in person classes. Because of the wide variety of courses, I have been able to take classes that fit into my career path. This has given me the opportunity to prepare for college courses that may be online and for my career in general. Also, the teachers are very understanding and helpful with your assignments. I would fully recommend taking an online class with Niswonger."

Isabella, we are so proud of you! Thank you for your hard work and dedication to your education. We are honored to play a small part in preparing you for your next steps as you graduate from high school, head to college, and begin a career.
